Protecting our Kids from the Opioid Epidemic

Wednesday, January 13, 2016 at 6:30 pm

**Town Hall Meeting Room
77 Main Street, New Canaan**

Because the risks have changed.

Join us for a panel presentation to identify how New Canaan youth are sliding into addiction through misuse of alcohol, prescription drugs and, horrifyingly, heroin.

Kids are getting hooked in all sorts of ways:

- Sports injuries**
- Oral surgery**
- Academic pressure**
- Party drugs**

Let's not let this epidemic steal our children's health and happiness.
